20 years Institute consciousness strategies (ICS)

June 2020

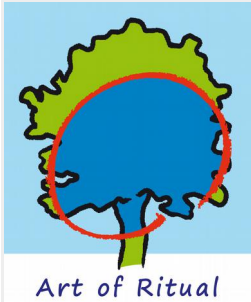

This year the institute will be 20 years old, the training of life counselors “Art of Counseling“ 10 years. This is a good occasion for this event at the place of silence. Partners and friends are invited to contribute or to visit.

The date is: Sun July 26, 2020 9 am - 9 pm
Place of silence Unterweinberg 59, 5231 Schalchen
near Mattighofen, Austria.

On our spacious “place of silence” you can get incitements at different stations from our relationship, work and further education with different manifestations of the different - as e.g. wilderness, diversity, beauty, animals, life purpose, foreign cultures.

You are cordially invited to spend this day with us.

The “products” of our work as books, paintings, texts are on sale as well as food and beverages for “flea market prices”. Further there will be interactions for joining in, music for listening, meditative for sensing and films to be seen. There is enough time for “other surprises”.

The night program expects you with songs at the piano by Florian Tilzer, **the premiere of the video documentary “Bridges into invisible West Africa”** and of course a fire.

Cordial greetings,
Helga, Manfred, Sabrina

It would be nice if you let us know before via institut@i-cons.info,
